This is underpinned by eight principles:

 - b. Personal data shall be obtained only for one or more specified and lawful purposes and shall not be further processed in any manner incompatible with that purpose or those purposes.
 - c. Personal data shall be adequate, relevant and not excessive in relation to the purpose or purposes for which they are processed.
 - d. Personal data shall be accurate and, where necessary, kept up-to-date.
 - e. Personal data shall not be kept for longer than is necessary and will be securely shredded or disposed of.
 - f. Personal data shall be processed in accordance with the rights of data subjects. Individuals must be informed, upon request, of all the personal information held on them.
 - g. Data is kept securely. Appropriate technical and organisational measures shall be taken against unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data.
 - h. Personal data shall not be transferred to a country or territory outside the European Economic Area unless that country or territory ensures an adequate level of protection for the rights and freedoms of data subjects in relation to the processing of personal data.
- 3.2. As part of its role, the Parish Council is required to gather and process information about people in the community in order to operate effectively. This will be carried out in accordance with the Data Protection Act 2018 and other related government legislation. This information may also be shared with other agencies involved in the provision of services, where the Parish Council is legally required to do so.
