

COVID 19 & PAYHEMBURY PLAY AREA

Following repairs to some of the equipment and the relaxation of the Government's lockdown rules, the play area will now re-open from 18th July 2020 subject to the information and advice given below and on additional signs around the play area.

It is not possible to completely eliminate the risk of COVID-19.

Scientific advice suggests that the virus can survive for up to several days on some hard surfaces, particularly when indoors. These risks are reduced when outdoors, where surfaces may be subject to UV light and/or rain. The virus could survive long enough on frequently used/touched outdoor surfaces to facilitate transmission.

The Parish Council does not employ grounds staff or have volunteers that could manage attendance numbers, clean equipment, operate time limits or manage queuing areas or keep records for 21 days for track and trace. In a rural village setting it is not feasible to have a booking system.

The equipment, gates and environment are **NOT** disinfected.

Please use the area sensibly and please take your rubbish home with you.

If you or a member of your household is identified as vulnerable, please stay away.

Any person choosing to use the equipment in the play area or allowing a young person to use the play area, does so at their own risk.

Social distancing still applies

Good hand washing still applies

If you or any member of your household shows signs of the virus - stay at home and get tested.
